

## Technical Data Sheet

### Joe's ECO-Nano Lube for Dry Conditions

#### General Description

Bicycle's chain lube, based on Nano-particles.

#### Properties

Ecological water-based lube designed for greasing bicycle chains at dry and dusty conditions. Based on polymeric dispersions and nanoparticles. Leaves a clean, dry chain after drying, repels dust and soot that tend to accumulate on the chain. Has a high penetration capability into the moving parts. Does not contain any volatile organic solvents. Has a high effectiveness compares to other products in the market.

#### Working Instructions

1. Refer to the MSDS before using this product.
2. Periodically clean drivetrain with JOE'S BIO DEGREASER. Rinse with water and let dry completely.
3. Shake well.
4. Apply one drop to each chain link while slowly rotating chain.
5. Remove all excess Lube with a rag.

#### Cleaning Instructions

1. Clean tools with water. After drying use Joe's Bio-Degreaser and rinse with water.
2. Clean hands with water and soap.

#### Technical Properties

Property	Value
Color	White
Viscosity	46-55 [Cps] sp.2/ V-100
pH	8.5-9
Solids	47±1 (%)
Density	0.95-0.97 (g/cm <sup>3</sup> )
Shelf Life	60 months
Packing	60 ml, 125 ml, 500 ml bottle
Storage	In a cold, dry place
Dilution and Cleaning	When wet – use water. After drying – use Bio-Degreaser
Hands cleaning	Water and soap
